

In English this term, we will be using the book 'Who Let the Gods Out?' by Maz Evans to inspire our writing. We will be writing a range of text types including setting descriptions, non-chronological reports, narratives and Greek myths. We will also be using this text, alongside others to develop our comprehension skills focusing on summarising and explaining.

In Maths, we will be focusing on our understanding of place value and calculations as well as revising all of our previously learnt skills. We will be developing our problem solving skills by applying our new learning to a range of different contexts

In Science, we will be revisiting how to work scientifically when we carry out investigations. We will be looking at animals including humans - focusing on the circulatory system and how nutrients are transported in the body.

In History this term, we will be looking at the Ancient Greek time period. We will be developing our historical enquiry skills as well as develop an understanding of where the Ancient Greek time period fits with the rest of world history and the impact they had on the rest of the world.

During our PE sessions, we will be developing our gymnastics, handball and swimming skills.

In PSHE this term, we will be looking at the areas 'Being Me in My World' and 'Celebrating Differences'.

Zero to Hero: How the Greeks Changed the World Year 6 Autumn Term

In Geography, we will be developing our understanding of location knowledge as well as the differences between physical and human features of a place. We will be using this knowledge to help develop our map skills and to begin to create our own maps.

In Art and Design Technology, we will be looking at the skill of drawing and painting to create our own versions of Greek art. In DT, we will be looking at food technology to create our own Greek dishes!

In Music this term, we will be looking at the film score music from the film 'Hercules' to identify what makes excellent film score music and how to tell a story. We will use this information to compose our own film score music.

We will be using our computing sessions to develop our understanding of coding and programming. We will also be developing our understanding of online safety and learning how to use spreadsheets.

During RE this term, we will be looking at the areas 'Why believe in God' and 'Why do Hindu's want to be good?'.

In French this term, we will be learning the vocabulary for 'initial conversation including greetings and 'French Culture'.

Homework

Homework every week will focus upon reading and times tables. Children need to practise the times tables from the diamond band they are currently working on, this includes logging on to Times Tables Rock Stars at least once a week. They are also expected to read regularly, at least three times each week, recording this in their reading record.

Times Tables Rock Stars and reading planners will be checked every Thursday, and the new week for homework starts every Friday.

Alongside this, theme homework will be set for the children to complete, where they will need to submit 10 creative pieces of their choice throughout the term, to share with their peers and staff at CWJS. Feedback will then be provided to the children.

Reading

All children will be provided with a school reading book and a reading planner. It is essential that both of these are bought in to school each day. The book that your child receives is matched to their reading abilities for both word reading and comprehension. Children are expected to read at least three times each week as part of their homework.

PE

Children need their PE kit in school at all times. Although we try and stick to the same 2 days for PE it is inevitable that for some weeks this will change due to unforeseen circumstances. For this reason, we ask that each child has their PE kit in school at all times. PE days: Mondays and Wednesdays with swimming on Thursdays for Redwood class (swimming for the first half term; Mondays and Wednesdays for Maple class (swimming will be on a Thursday the second half term).

A PE kit should include a Cam Woodfield Junior t-shirt, black or blue shorts and daps or trainers. It is recommended that children have warm clothes for outdoor PE. This can include a jumper and jogging bottoms. Alongside this, children need a water bottle.

Times Tables

As a school, we focus on multiplication and corresponding division facts with regular practise of times tables through 21 facts every morning. It is the expectation of the National Curriculum that children learn their times tables with rapid recall up to 12×12 . This means your child will need to learn each times table off by heart- without having to 'work it out'. The children are tested every Friday using our times table scheme to reach 40 out of 40 to progress to the next diamond band. Every child has a tracking card to keep track of their times table progress.

Times Tables Rock Stars

All children have log in details to access Times Tables Rock Stars, which can be used on any smart device via an app as well as on a computer. Children need to be accessing the Times Table website weekly, as part of their homework.
