

English

In English, we will be looking at a variety of books this term: The Composer is Dead, Ed Sheeran Autobiography and The School of Music. We will be recapping our learning of Diary entries, as well as non-chronological reports. We will also be exploring the wonderful use of the internet and writing a letter in the form of an email and creating our own blog post to persuade people to watch the class band. At the end of the summer term, we will then be using creative musical language to write a haiku poem.

History

In History, we will be exploring the effects that jazz and swing music had during the Second World War. We will also be learning about the evolution of musical players and then chronologically placing them onto a timeline. We will also be exploring what it was like to be woman during the Second World War and using sources of historical evidence to support an historical argument.

Maths

In Maths, we will be learning about direction, position, money, mass and to tell the time. Over this term, we will be exploring all of these aspects with regards to our theme. We will also be spending time recapping elements learnt over the year to ensure that we are secure.

RE

In RE, we will be learning about Pentecost and exploring how and why do people mark the significant events of life.

Science

In Science, we will be learning all about sound waves and how sound is made up of vibrations that travel. We will be applying our learning of sound to experiment which materials would be best to make a sound proof recording studio.

We will also be learning about circuits this term and exploring how simple circuits can be constructed. From this, we will be designing how to successfully create a circuit for stage lighting.

Rock Stars

Music

In Music, we will be learning about a range of different genres and artists. We will be using this term to create our own musical notations and for the children to compose their own short musical sequence.

PE

In PE, we will be focusing on athletics outside every Thursday and on Tuesday we will begin the summer term by learning badminton and then the last term we will be learning netball.

ICT

In ICT, we will be learning about algorithms and coding programmes. We will be using Bee Bots, which will link to our maths learning of position and direction, as well as using Scratch computer programme.

We will also be challenging our art and design by using photography and using photo editing software to create an Andy Warhol inspired album cover.

Art and Design

In Art, we will be exploring Pop Art and creating our own inspired musical instrument painting.

We will also be creating a text based montage all about ourselves and music.

Design and Technology

In DT, we will be exploring textiles and trying different stitching methods.

We will be creating our own Rock 'n' Roll inspired textiles badge for our clothing.

French

In French, we will be learning hobbies, numbers to 30 and the weather.

PSHE

In PSHE, we will be learning about relationships and changing me.
