

#### Music:

*Due to remote learning, the children are not able to work collaboratively towards group instrumental and singing performances. This also means children will not have access to a range of instruments. In these instances, we aim to continue to teach children the skills required for group performances but on an individual basis. Use of a range of instruments at this time will be limited and planning will reflect this.*

#### DT:

*Due to remote learning, it will not always be possible to complete these tasks as originally planned. We have carefully considered what we would reasonably expect a household to have, as well as the safety aspects of certain lessons, and have adapted the DT curriculum to ensure that the skills lessons are accessible for those working at home.*

#### Art:

*Due to remote learning, these plans could be affected. We are also aware that children may not have access to these materials. When this is the case, we will aim to teach the skills where possible and adapt the planning to make it suitable for remote learning.*
